

Homework 2

100 Points

Variables and Constants

Assignments:

0. Quiz 2
1. Create output using `cout`: [Hw2_A.cpp](#).
2. Constants, variables and arithmetic operators: [Hw2_B.cpp](#) // circle
3. Find and fix errors: [Hw2_C.cpp](#) // add two numbers

Run each program once and save the output at the end of the source file as a comment.

Compress the source files and upload the compressed file:

[22A_LastName_FirstName_H2.zip](#)

Grading

Quiz 2 – 10 Points

[Hw1_A.cpp](#). – 30 Points

[Hw1_B.cpp](#). – 30 Points

[Hw1_C.cpp](#). – 30 Points
